June 5, 2003

Professor Bo-Yin Yang
Department of Mathematics
Tamkang University, Tamsui
Taipei County, Taiwan, R.O.C.

Dear Professor Yang,

On the basis of Professor Richard Stanley's recommendation, we are pleased to accept your paper, "A Crowning Moment For Wiener Indices" (jointly with Yeong-Nan Yeh), for publication in Studies In Applied Mathematics. Please sign and complete the two-page copyright assignment form on the indicated lines so we may publish your article. Please keep for your records the four-page packet which includes some additional details about the copyright.

In order to avoid publication delays, it would be helpful if you could also send me a diskette of the paper (3.5" HJ/DD preferred), labeling it with the authors' names, paper's title, and noting the type of computer used (IBM, compatible PC, Macintosh, etc.), operating system, program & version. Artwork should be submitted as an EPS file (preferred), PostScript, or TIFF file (floppy or zip disk). Please include a final hard copy of the art file(s) and paper along with the diskette.

Sincerely yours,

David J. Benney
Managing Editor
